

# ARE YOU INTERESTED IN IMPROVING HEALTH OUTCOMES FOR FIRST AUSTRALIANS?

## About Weenthunga Health Network

- We comprise First Australians and Australians working in a range of health roles who want to make a difference in Indigenous health
- Our governance is First Australian-led which values and promotes First Australian and Australian collaboration
- Our two key interrelated objectives are to:
  - improve the knowledge, competencies and collaboration of Victorian health practitioners, better equipping them to provide culturally sensitive services when working with First Australians and their communities; and
  - encouraging and supporting young First Australians into health careers.

## HOW CAN YOU HELP CLOSE THE GAP?

### Join Weenthunga

- Weenthunga has a unique model which emphasizes partnership
- Our model focusses on two way learning to reach shared goals
- We aim to break down silos and encourage collaboration across health professions
- It is a collegial network for all health professionals, practitioners and workers with a desire to see improved health outcomes for First Australians
- For more information or to join us please go to:

Connecting Through Conversation: the  
flames represent the campfire, a focal  
point for sharing knowledge and listening.  
The circles represent communities, which  
have an abundance of knowledge to  
share.
